

Eras

时代

The Era System

时代体系

The definition of Zeitgeist is the defining spirit or mood of a particular Era reflecting the beliefs and ideas of the time. Our Era system is based on this definition. Each Era is designed to focus on certain areas of the Zeitgeist ecosystem's growth and steer the direction of the Seer Program towards those areas. The length and direction of Eras will always remain fluid as the zeitgeist of the Era develops.

关于Zeitgeist 的定义, 我们可以理解为一个特定时代的精神或情感, 它反映的是这个时代的一种信仰和观念。我们的时代体系正是基于此定义的。每个时代都旨在专注于 Zeitgeist 生态系统发展的某些领域, 并引导先知计划朝着这些领域进行发展。随着 Zeitgeist 的发展, 时代的时长和方向将始终保持不变。

In the future new Eras will be created that reflect the goals of the Zeitgeist community at that time. Zeitgeist is an evolving platform, and the Seer Program follows that philosophy with the Era system. Designed with the adaptability to allow the greater Zeitgeist community itself to influence the Era.

在未来, 我们将创建反映当时 Zeitgeist 社区目标的新时代。Zeitgeist 是一个不断发展的平台, 先知计划遵循时代体系这一理念。我们将设计具有适应性, 允许更大的 Zeitgeist 社区本身去影响的这样一个时代。

Though Eras are meant to direct the flow of creation within the program, and events and tasks will likely reflect that, work and effort outside of an Era's zeitgeist can still be recognized and rewarded.

尽管“时代 (Eras)”旨在引导先知计划的创建流程, 该计划中的事件和任务可能会反映这一点, 但在该 Zeitgeist 时代之外的工作和努力仍然可以得到认可和奖励。
